

LUMBAR HEALTH

SEMI-RIGID LUMBAR BAND WITH 3 TECHNOLOGIES

PRODUCT DESCRIPTION:

Lumbar Health, is a semi-rigid band designed to support the lumbar tract and alleviate pain caused by inflammation, using three complementary technologies - Weak magnetic fields that penetrate up to 5 cm under the skin, Biophotonics and Radionics. (for details, see the technical scientific report booklet at the link below).

These technologies help to restore balance in the body by reducing stress and, in the case of the Lumbar Health band, reducing tension in the lumbar area, legs and lumbar vertebrae.

Made of very high-quality neoprene and with an easy to use and fully variable Velcro-type closure system.

The Lumbar Health band includes a very effective magnet as part of the treatment.

HOW TO USE

Place the Lumbar Health around the desired part of the back and secure it in place with the Velcro fastener.

- The Lumbar Health must be tight but comfortable to wear.
- It has been designed to allow the wearer to be able to bend and move with ease. The band must be tight but comfortable to wear.

INDICATIONS:

Lumbosciatica, cruralgia, tingling in the legs, sore legs, hypoaesthesia, weakness, backache, paresthesia, sciatica, vertebral stenosis (flattened lumbar vertebrae, disc protus), lumbar osteoarthritis, osteoarthritis, degenerative disc disorders, spondylolisthesis (ie a vertebra that slides forward with respect to the one below), pain due to Paget's disease of the lumbar bones, rheumatoid arthritis, ankylosing spondylitis scoliosis of the lumbar spine, average distortions, herniated lumbar discs, pain in the lumbar muscles, contractures to the lumbar muscles.

FUNCTION:

- Increases resistance;
- Promotes circulation;
- Keeps the area warm, which can limit the risk of injury;
- Stabilizes and reduces pain;
- Reduces compression syndrome;
- Relieves chronic low back pain;
- Reduces acute and chronic back pain;
- Helps keep the spine in a normal position.

Improves blood circulation, helps in the recovery of aching muscles and joints relative to the area of application. Increases the vitality of cells and tissues.

Reduces acute and chronic back pain. Supports the lumbar area so as to support the healing process. The improvement can also lead to a reduction in symptoms arising from osteoarthritis. Users have reported: Reduced vertebrae pain, leg pain and the reduction of paresthesias, improved motor activity and leg sensitivity, as well as decreased or the elimination of tingling.

Some users have also reported a decrease in pain radiating from the lumbar tract to the buttocks, to the back of the thighs and to the calves during walking, when climbing stairs or simply standing.

2-year warranty

The product has been manufactured with great care and quality control. The product carries a 2-year warranty from the date of purchase. The warranty is valid only for defects in material and workmanship and does not cover improper or inadequate use. Your statutory rights, in particular your warranty rights, are not limited by this. In the event of any complaints, email the support address below. The warranty period is not extended by any repairs under the warranty, legal guarantee or courtesy. After the warranty expires, any repairs are subject to payment.
