

Testimonials for the Advanced Technology 7 Wrist Health Strap

Hi Richard,

My bursitis flared up after being dormant by using the CO2 and ZnO waters, so instead of going for shots from the doctor, I ordered the Advanced Technology 7 Wrist Health Strap. Miracles, both my carpal tunnel syndrome and the shoulder bursitis pain symptoms are gone. I am happy with the results. I have used the Wrist Health Strap to ease some of my back pain, also.

Hello Richard,

I am dropping you a quick note on the Advanced Technology 7 Wrist Health Strap I purchased a couple of months ago.

I bought it for an employee mechanic that works for me. He is 59 years old and has just recently been diagnosed with Carpal Tunnel nerve damage in both wrists and hands. He was in a lot of pain when trying to close his hands or manage tools. He could not make a clenched fist.

He has been wearing the wrist band alternatively on each arm at night.

After a couple of weeks, the pain has eased considerably and he is able to close his hands without the discomfort he was previously experiencing.

He is considering an operation to relieve the nerve pressure.

In the interim he is finding the wrist band very effective in the nerve and pain management.

He went on a short break recently and did not take his wrist band. The pain and discomfort returned and abated again when he commenced using the band.

He certainly vouches for the Advanced Technology 7 Wrist Health Strap.

Kind Regards,

Hi Richard,

Thank you so much. The Advanced Technology 7 Wrist Health Strap works extremely well. I had carpal tunnel and boy, that was painful as I've never had it, yikes. I could immediately feel the energy at work and it felt awesome. I'm much better now because of the Wrist Health Strap and still not doing anything major. I had gotten the carpal tunnel due to doing my Reiki massage, which is hands-on-healing.

An excellent product, thank you, thank you.
