

WRIST HEALTH

SEMI-RIGID WRISTBAND WITH 3 TECHNOLOGIES

PRODUCT DESCRIPTION:

Wrist Health is a semi-rigid cylindrical wrist strap designed to relieve wrist pain due to carpal tunnel inflammation, arthritis and tendonitis, thanks to the use of three different types of technology. Wrist health is ideal for additional support during everyday activities.

The inflammatory processes are balanced using the following technologies: Weak magnetic fields that penetrate up to 5 cm under the skin, Biophotonic technology and Radionics technology. (See the link to technical scientific report).

These technologies help to restore balance in the body by reducing stress and, in the specific case of this device, reduce tension in the wrist, hand and forearm. They also improve circulation in the arm and wrist.

Wrist Health relieves muscle stiffness and pain.

It provides healing relief from arthritis, osteoporosis, tendinitis, sprains, carpal tunnel pain, and general pain and discomfort.

It is ergonomically designed to support a complete range of movement, with comfort and superior mobility.

Easy to wear, our light and soft, unisex wristband keeps you dry and comfortable even with extended use. It is very comfortable to wear all day and all night.

Resistant, light and comfortable, it offers you the right level of support, keeps the wrist from aching, safe and warm so you can feel better and safer. It provides comfort, eliminates pain and helps you move more easily.

Does not irritate the skin, is easy to wear, fits well and can be worn all day without any sweating.

It does not roll or slip.

The fabric is very durable and of superior quality, reshaping itself perfectly after each use.

Perfect for use after surgery.

You will find a noticeable difference; the pain will diminish, the pulse will feel better and it will help you play sport and work without pain.

CHARACTERISTICS OF THE TECHNOLOGIES USED:

- Able to be worn for long periods
- Promotes joint and muscle recovery
- Offers various forms of pain relief, including from arthritis
- Improves blood circulation, stimulates the flow of oxygen to the muscles
- Minimizes injuries, provides optimal muscle support between workouts and during daily casual activities
- Can be worn comfortably all day and night
- 100% latex-free

HOW TO WEAR

Wear Wrist Health on the wrist and fix the Velcro fastener so that the magnet is positioned on the underside of the wrist (where the veins of the wrist are clearly visible).

The wrist band must be comfortable to wear and not too tight.

(Excessive redness of your hand indicates it is too tight.)

(See the image on the right)

PRECAUTIONS:

- 1) Keep away from metals.
- 2) Keep away from electromagnetic sources (radio, TV, cell phones, PCs, etc.).
- 3) Do not apply:
 - Where there are infections.
 - To patients with high fever.
 - To open wounds.
 - To women who are pregnant or breastfeeding.
 - Near metals or electrical systems/devices (even inside the body such as metal prostheses).
 - To pacemaker wearers.

INSTRUCTIONS FOR USE:

There are no application limits.

CLEANING AND MAINTENANCE:

Hand wash with water (maximum 30°C) and mild soap.

TECHNICAL DATA:

Dimensions 35 cm x 10 cm h. Weight: 83 gr.

NB: The description and colors of the product may vary from the above, due to continuous improvements both from the point of view of technology as well as comfort and aesthetics.

INDICATIONS:

Carpal Tunnel Syndrome
De Quervain syndrome
Wrist and hand tendonitis
Osteoarthritis of the wrist and hand
Arthritis of the wrist and hand
Tenosynovitis
Osteoporosis of the wrist and hand

FUNCTION:

Great for frequent burn sensations,
Effective for tingling or numbness mixed with itching in the palm of the hand and fingers, especially in the thumb, index and middle fingers.

Reduces:

acute and chronic pain in the wrist or hand,
swelling around the wrist;
the emission of a creaking or crackling sound on the movement of the wrist joint;

Stiffness in the wrist joint, especially in the morning immediately after waking;

Inflammation and redness in the wrist carpal tunnel area, where inflamed/irritated tendons are located.

Pain on the outer side of the wrist and at the base of the thumb, which can be accentuated by gripping action performed with the thumb, and inclination movements of the wrist;

Swelling where the inflamed/irritated tendon resides;

The formation of a protrusion on the wrist;

Widespread pain up to the forearm.

The Wrist Health also:

Improves finger flexibility

Improves blood circulation

Helps in the recovery of aching muscles and joints relative to the area of application.

Increases the vitality of cells and tissues.

Keeps the wrist in a normal position in order to facilitate the healing process.

Can also lead to a reduction in the extent of the osteoarthritis symptoms; in fact, there have been reported cases of reduction of pain in the hand and forearm;

Improvement of motor activity and sensitivity of the hands and arm.

Decreased or eliminated tingling.

Improved feeling in a swollen hand and reduced numbness,

Improved perception of the distinction between whether the hand is hot or cold.

2-year warranty

The product has been manufactured with great care and under constant control. You will receive a 2-year warranty on this product from the date of purchase. Please keep the receipt. The warranty is valid only for defects in materials and workmanship and lapses in the event of improper or inadequate use. Your statutory rights, in particular your warranty rights, are not limited by this. In the event of any complaints, send an e-mail to the assistance address shown below. Our service staff will respond to you as soon as possible. In any case we will provide you with personalized advice. The warranty period is not extended by any repairs under the warranty, legal guarantee or courtesy. After the warranty expires any repairs are subject to payment.
