

THE DPE ZED SHIELD

DEFENSE OF PLANET EARTH

Utilizing the latest physics and technology found in the King's Chamber of the Great Pyramid of Egypt, the DPE ZED Shield is the most powerful of the DPE Devices. The extraordinary DPE ZED Shield, like the other DPEs, **absorbs abnormal levels of EMF** and other energies from the environment, while mobile and wifi services keep working.

The DPE ZED Shield has the **largest environmental protection zone** – in height and in radius – of the four models. It is thus ideal for community use and planetary benefit, as it powerfully assists, protects and restores our gravitational and magnetic fields, as well as the ozone layer.

From the creator of the DPE ZED Shield

“We must absolutely prevent the Earth from reaching the critical point where it is no longer able to receive sufficient energy to power the magnetosphere, causing it to collapse and leaving the entire planet exposed to radiation without any possibility of reducing its strength, which will lead to widespread cancer, the extinction of most of the plant world and much more.”

Dr. Giovanni Lapadula

HOW DOES IT WORK?

The DPE is grounded into the Earth, where it transfers excess energies from your protected zone to the Earth to be neutralized using room-temperature superconductivity. It also transmits energies that help to stabilise the biosphere and the Earth.

And it does much more.

The DPE ZED SHIELD provides an **EMF protection-zone radius of 2500 km** (1553 mi), and reaching more than **200 km high** (124 mi).

The DPE ZED SHIELD encompasses frequencies from DC to Gigahertz, except for the **protected frequency of 13.4 HZ**, which is the frequency of Life on Earth.

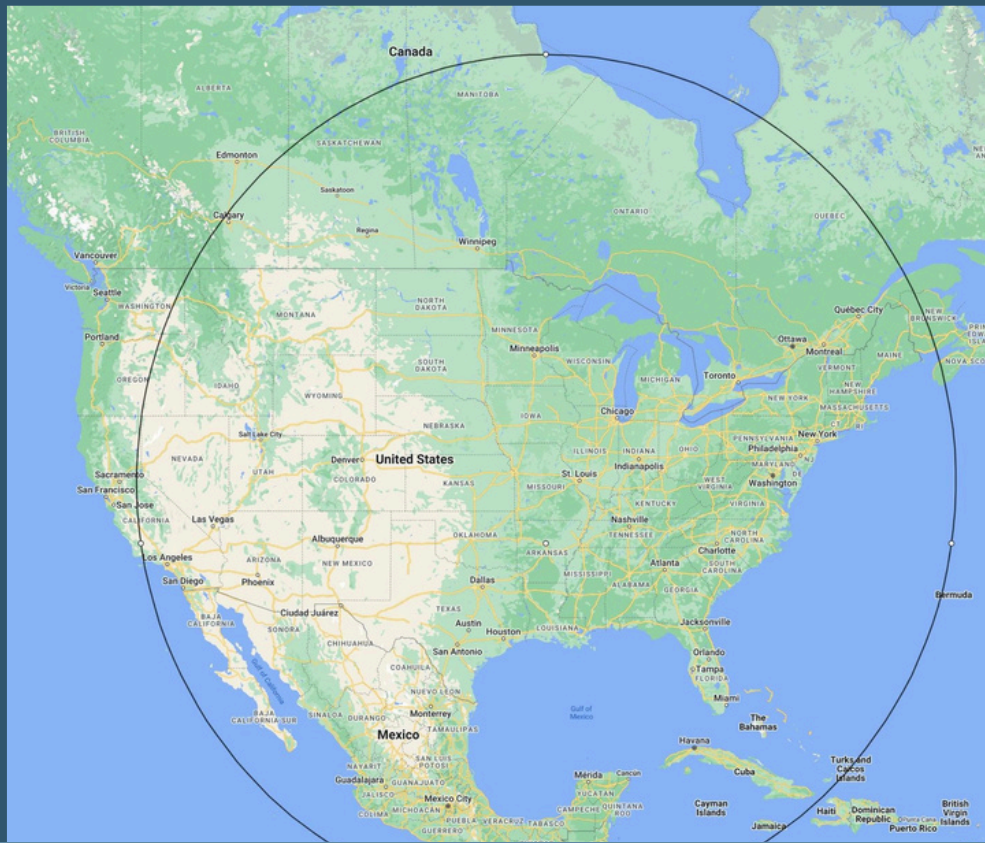

This reinstates the biospheric conditions that existed on this planet 10,000 years ago.

WHAT ARE THE BENEFITS?

Please visit [this link](#) for further research and even more documented benefits of this extraordinary product.

The DPE ZED Shield has an EMF protection zone of approximately **4.85B** acres

- **DRASTIC** reduction of extreme weather events
- **TOTAL** draining of EMF harmful to health
- **REDUCTION** of the incidence of pathologies related to excessive microwave radiation
- **DRASTIC** reduction in radioactivity & radon gas
- **DRASTIC** reduction of stress and depression due to electrostatic charges & harmful stray energies
- **CLEAR** increase in immune defenses

The DPE devices have also been shown to **clear nuclear radiation**.

(See: radiation.dpe100.com)

PROTECTION FROM EXTREME WEATHER

By grounding excessive energies in the environment, the DPE **drastically reduces** hurricanes, lightning strikes, torrential cloudbursts, hailstorms, & high winds – **protecting you and your community from increasingly frequent and extreme weather events.**

Read more about this and more at www.dpe100.com

Hurricane without DPE
July 10, 2019, Italy.

No hurricane was able to form under a similar cloudburst **with DPE.**

DPE DEVICE COMPARISON SHEET

What forms of EMF does it protect against?

*The DPE devices protect your environment from **all types of EMF** from all sources, manmade or natural. This includes 5G, microwave, and other sources.

What is the warranty and expected life span?

All DPE devices have a **5-year warranty** with a minimum **expected life of 10 years**.

What is the impact of mountains?

Mountains will reduce the range a little, though remember these have a vertical zone that is at least 200 km high.

For certainty, assume the radius of effectiveness is reduced by 70%. So, for the DPE100 X, assume the protection zone is only 5km in radius when using around mountains. Some overlap will do no harm.

MAIN FEATURE COMPARISON

	DPE100 X	DPE ZED Shield	DPE Agriculture X	DPE Shield Agriculture X
PRICE: USD	\$4,625	contact for price	\$5,269	\$8,497
EMF Protection*	✓	✓	✓	✓
Protection Zone Radius (km)	20	2500	20	40
Protection Zone Height (km)	200	1,000	200	200
Agricultural Function?*	✗	✗	✓	✓
Agricultural Zone Radius (km)	-	700*	5	15
Agricultural Zone Area (hect./acres)	-	154M / 380M	7.8K / 19.4K	70.5K / 174.5K
Radiation Protection	✓	✓	✓	✓
Wind Turbine Noise Amelioration	✓	✓	✓	✓
Animal Husbandry Odor Reduction	✓	✓	✓	✓
Length (m)	1+1+1	2.5	1+1+1	2+1+1
Device Diameter (cm)	13	33	13	13
Weight (kg)	12	110	12	25
Installation: How much above ground (cm)	50+100+100	150	50+100+100	100+100+100

* Although the DPE ZED Shield promotes plant growth, it does not act on the plants' root system as the Agriculture devices do.
