

# THE DPE100 X

## DEFENSE OF PLANET EARTH

The DPE100 X is one of the four iterations of the Advanced Technology known as the DPE. The extraordinary DPE100 X **absorbs abnormal levels of EMF and other energies from the environment**, whilst mobile and wifi services keep working. Further, it is much more powerful than the previous DPE100, containing room-temperature quantum superconductors.

The DPE100 X is ideal for residential use, though it can be shared with a community.

### See what people are saying...

*“Every single winter storm has been evaded thanks to our DPE, and I believe the count is up to six or seven major storms this year! This has been a severe year for weather here in British Columbia, Canada, and my husband is dumbfounded! He had some skepticism, but he doesn’t anymore!!! Normally we would have had to clean the yard of many tree branches from the forest surrounding us many times already, and this year, maybe two branches in total!!! It is a miracle!”*

Stacey

More testimonials are available on [testimonials.dpe100.com](http://testimonials.dpe100.com)

## HOW DOES IT WORK?

The DPE is grounded into the Earth, where it transfers excess energies from your protected zone to the Earth to be neutralized using room-temperature superconductivity. It also transmits energies that help to stabilise the biosphere and the Earth.

And it does much more.

The DPE100 X provides an **EMF protection zone radius of about 20 km** (12.4 mi) and reaches approximately **200 km high** (124.3 mi). This means several neighbors could share the cost.

The DPE100 X encompasses frequencies from DC to Gigahertz, except for the **protected frequency of 13.4 HZ** which is the frequency of Life on Earth.

This reinstates the biospheric conditions that existed on this planet 10,000 years ago.

Approx. 50 cm of the tube remains above-ground, along with two 100 cm rods.

protective tube

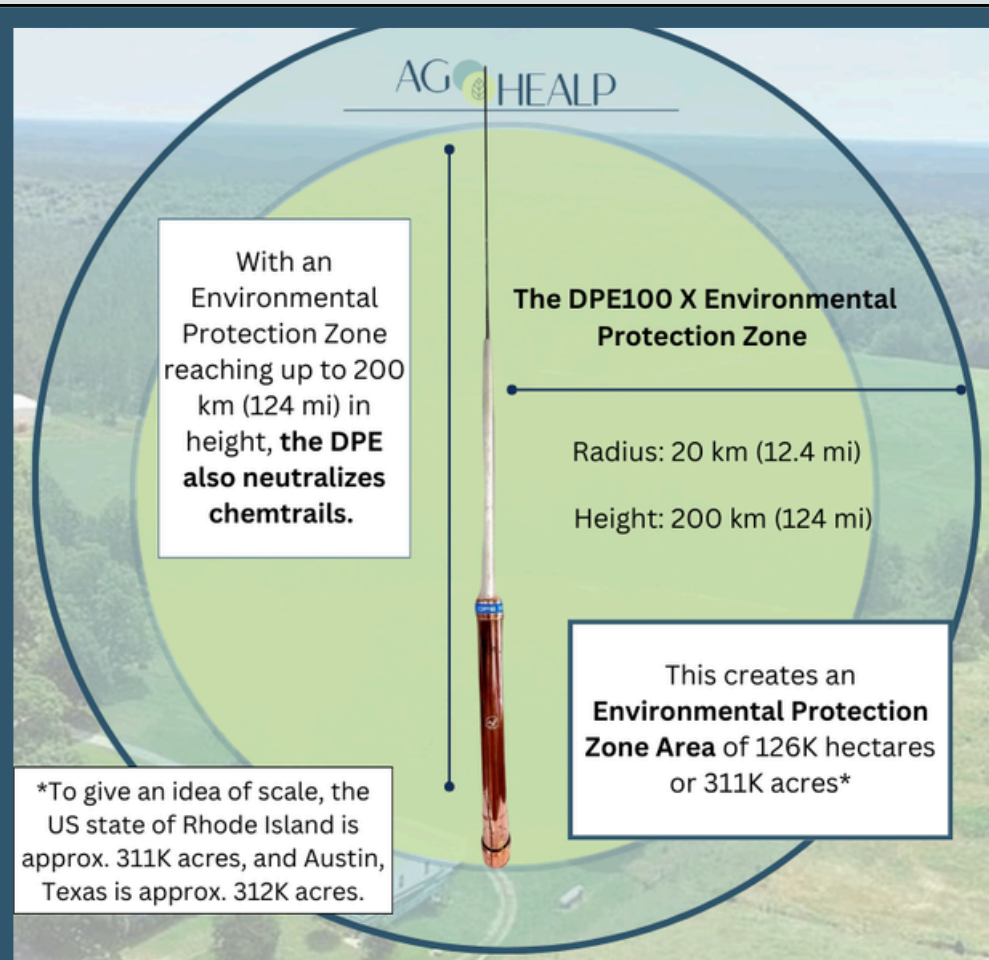

The DPE transfers energy to the ground for neutralization

# WHAT ARE THE BENEFITS?

To read a full collection of customer testimonials, visit: [testimonials.dpe100.com](https://testimonials.dpe100.com).  
For more information on the DPE100 X, [click here](#).

- **DRASTIC** reduction of extreme weather events
- **TOTAL** draining of EMF harmful to health
- **REDUCTION** of pathologies related to excessive microwave radiation
- **DRASTIC** reduction in radioactivity & radon gas
- **DRASTIC** reduction of stress and depression due to electrostatic & harmful stray energies
- **CLEAR** increase in immune defenses
- **ELIMINATION** of frost

The DPE devices have also been shown to **clear nuclear radiation**.

(See: [radiation.dpe100.com](https://radiation.dpe100.com))

## PROTECTION FROM EXTREME WEATHER

By grounding excessive energies in the environment, the DPE **drastically reduces** hurricanes, lightning strikes, torrential cloudbursts, hailstorms, & high winds – **protecting you and your family from increasingly frequent and extreme weather events.**

Read more about this and more at [www.dpe100.com](https://www.dpe100.com)

Hurricane **without** DPE  
July 10, 2019, Italy.

No hurricane was able to form under a similar cloudburst **with** DPE.

# DPE DEVICE COMPARISON SHEET

## What forms of EMF does it protect against?

\*The DPE devices protect your environment from **all types of EMF** from all sources, manmade or natural. This includes 5G, microwave, and other sources.

## What is the warranty and expected life span?

All DPE devices have a **5-year warranty** with a minimum **expected life of 10 years**.

## What is the impact of mountains?

Mountains will reduce the range a little, though remember these have a vertical zone that is at least 200 km high.

For certainty, assume the radius of effectiveness is reduced by 70%. So, for the DPE100X, assume the protection zone is only 5km in radius when using around mountains. Some overlap will do no harm.

## MAIN FEATURE COMPARISON

	DPE100 X	DPE ZED Shield	DPE Agriculture X	DPE Shield Agriculture X
PRICE: USD	\$4,625	contact for price	\$5,269	\$8,497
EMF Protection*	✓	✓	✓	✓
Protection Zone Radius (km)	20	2500	20	40
Protection Zone Height (km)	200	1,000	200	200
Agricultural Function?*	✗	✗	✓	✓
Agricultural Zone Radius (km)	-	700*	5	15
